## Finding Your Next Great Read is Now Easier than Ever!

Have you ever finished a great book and wanted to find more just like it? Or wanted to help your child find just the right book to read? Adair County Public Library now offers NovelList Plus, a helpful resource to help readers match up with the books that are right for them.

*Find NovelList Recommendations within our Card Catalog on the ACPL Website*

The NovelList Plus database connects readers to their next book by making recommendations for what to read next. One of the most popular elements is read-alikes. This feature suggests titles that are 'just like' other titles. If you've just finished a great read-alikes. There are also read-alikes for authors and series. Consider NovelList Plus your one-stop guide to great reading. It contains lists of recommended reads and award-winning books. It covers both fiction and nonfiction titles for all ages from the youngest readers to adults. It also has extra content like reviews (both professional reviews and reader reviews), book discussion guides, curriculum guides, and other book-oriented articles. Book groups and teachers find these resources especially helpful. Ask about NovelList on your next visit to the library!

## April Craft Kits

Stop by curbside on Saturday, April 24th from 10am-2pm with the kids to pick up our latest craft bags for kids. Craft bags this month include games and art activities based on a variety of math skills. As the bags are based on different skills and abilities, there will be different bags for younger and older children. Special thanks go out to Anna Grace and her Truman students who helped create all the ideas used in these bags!
