ERIN HUNTER

WARRIORS SERIES

This series of books follows cats and their struggles to live in the forest. Here are some things you may need to know before getting started: **1)** There are 70 books and counting in the series! Which is why we're making a guide to help you learn about them. Each book set is pretty contained, so don't feel compelled to read everything if you don't want to. **2)** We have these books in two places in the library. Some are downstairs in the children's area and some are upstairs in the Young Adult area. **3)** With so many books, we might not have everything here! If we don't have a one of the books in the library, we might have it as an e-book or we might be able to borrow it from another library.
