KIDS MODE

Hoopla Kids Mode is a multi-format, digital media experience designed especially for kids (up to age 12). All of the content – movies, TV shows, music, audiobooks, eBooks, and comics – has been curated and brought together in this one family-friendly place.

Kids Mode is a feature that should be used with parental guidance. There are different age ranges using this feature and the titles available range from G – General Audiences to PG – Parental Guidance Suggested. Parents or guardians are expected to decide whether a specific title is appropriate for their child.

How do I activate Kids Mode?

Hoopla Kids Mode is very simple to activate. Once you are logged into your account, just go into your settings in the upper right. Then click/tap on the Kids Mode toggle switch, and you're all set. For a guide on how to activate Kids Mode visit:

www.hoopladigital.com/help.

Logging out and back into your account switches Kids Mode off by default.
